NOTES

For any 180 Sales Consultants who have more than 1 dedicated 180 Delivery resource working for them, promotion criteria may need to be adjusted/increased to reflect the additional headcount they have working towards their GP figures.

The Contract/Perm promotion criteria in the 180 Model are guidelines set in our current format, but as 180 Sales Consultants evolve to work more with clients in general and cover both Contract & Perm, we can adjust promotional expectations on a bespoke / per person basis, based on their specific desk.
